

## Design/Economic Development Committee Meeting Minutes

January 3, 2013

L.A. Fireproof Door Company

Members Present: Sheryl Brown, Gordon Lowe, Kevin Main, Richard Register, Josh Coates, Kellee Rasmussen

- Grant Application by Cupcake...Cupcakes/Parker's Custom Cookies was presented for consideration. After discussion it was advised that Sheryl contact them and ask for hard bids for the proposed work. They then submitted a bid for paint and signage and requested the grant amount be modified. Sent to board for approval.
- Question was posed about 1099/W-9 for grant recipients. Gordon did research and was told it is not necessary.
- Banner discussion resumed... question was posed as to who owns the rights to the branding logo. Sheryl will contact Bill Vojbeda if we decide to go with a design that incorporates the logo and what it is proposed to be. There was much discussion on incorporating the branding logo on this first round of banners, or not. Decision was made to have each committee member bring 2 examples of logo's that they like for consideration. There was talk of a more colorful banner option & or alternating the branding ones with colorful ones, or perhaps using the logo ones on one side of the street and others on the other side.
- Committee members were asked to help secure 3 pole sponsors. First State Bank was the only one committed at time of meeting. They are \$400 each. Richard Register committed/paid to be a sponsor☺. Sheryl has since secured Fremont National Bank and Pinnacle Bank as the additional sponsors.

Next Meeting: February 6, 4:30pm - The Door
