

Design/Economic Development Committee Meeting Minutes

June 5, 2013 - 4:30pm

L.A. Fire Proof Door Company

Members Present: Gordon Lowe, Frank Kment, Chris Bristol, Kellee Rasmussen

& Sheryl Brown

Members Absent: Josh Coates, Kevin Main, Richard Register

- Reviewed 2 Façade Grant Improvement applications: J&K Photography and Mark Guillatt

Committee voted to recommend approval of both grants. (J&K Photography has a stipulation that the renderings provided match the final appearance of the building). Sheryl will submit to Board for approval at June 12th Board meeting.

- Continued discussion of Informational Kiosks.

Kellee volunteered to help with updating information on the kiosks. Additional help may be required to update kiosk information should Kellee need it. Placement of 3rd (currently in storage) kiosk was discussed. Possible locations are: 1. By the courthouse 2. On the Northeast corner of 2nd and Main. Suggested everyone look at the locations and bring their final recommendations to the next meeting. The committee's recommendation for placement will have to go before the City Council for approval.

- Discussion of Jim Ebers Donation and possible uses. (\$2,500)

Suggestions were: Water feature in one of the parking lots or by courthouse, special planting with a plaque on it. Committee members decided to have a walking tour as part of the next meeting to help brainstorm ideas for this as well as projects.

- Possible Projects: Chris suggested a possible project could be to repair/or remove the existing brick planters on 5th Street & Park Street by the parking lot.

Next meeting will be at **4:00pm, Wednesday, June 19th** (no July meeting due to the Holiday). We will **meet at Sheryl's office** and do a walking tour of downtown (ending at L.A. Fireproof Door Company). **Bring suggestions for possible projects for the 2013-2014 fiscal year.**
