

MainStreet Fremont Design Committee Meeting Minutes - October 2, 2013
4:30pm

L.A. Fire Proof Door Company

Members Present: Kellee Rasmussen, Frank Kment, Kevin Main, Gordon
Lowe and Sheryl Brown

2014 Project Update:

1. Winter Banners have been ordered and will be installed on November 11th.
2. New trash receptacle has been ordered for the corner of Military and Main. Street Dept. will place upon arrival.
3. Kiosks have been updated according to an email from Chris Bristol and the 3rd one will be placed by the court house following the sidewalk project on Park Street.
4. Agreed that Gordon will arrange a meeting with Sherri Ebers regarding the donation money and our wish to erect a historical marker downtown with the funds. Once she approves, we will get the bid from Siffring Landscaping and move forward with getting permission thru the DID from the City Council to complete the project.
5. Discussion on asking local gardening groups to help with landscape maintenance in the downtown district. Examples given were May Museum group and St. Pats gardening groups. Will keep in mind as possible partnership opportunities for future needs.

There was discussion on business recruitment efforts for the downtown district. We agreed that MainStreet Fremont could partner with the GFDC or possibly chamber to have an "open house" recruitment day for prospective business owners. We could target 5-10 businesses we would like to see downtown and invite them for a tour and lunch with some of our business owners/MainStreet/GFDC. Have brochure of downtown as well as potential rental space information to share. Sheryl will try to meet with the new GFDC ED to gauge support.

Next meeting will be: Wed. Nov. 6, 4:30 L.A. Fire Proof Door Company
